

And so I penned
It down, until at last it came to be
For length and breadth, the bigness which you see.

J. Bunyan

HURRI-KANE

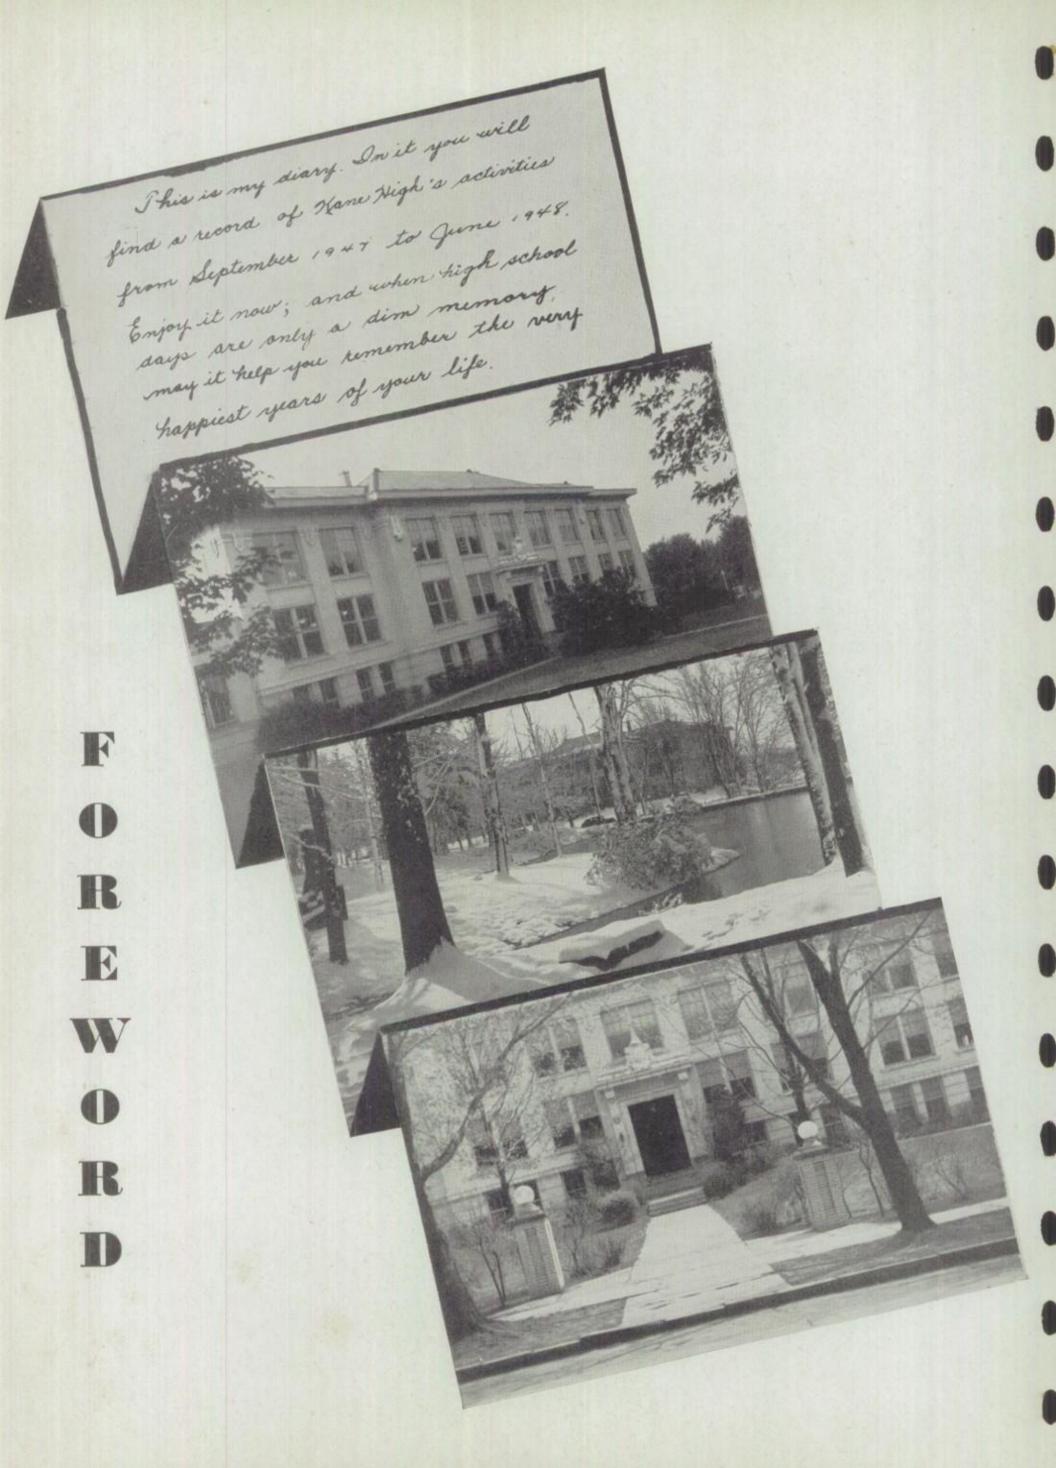

— 1948 —

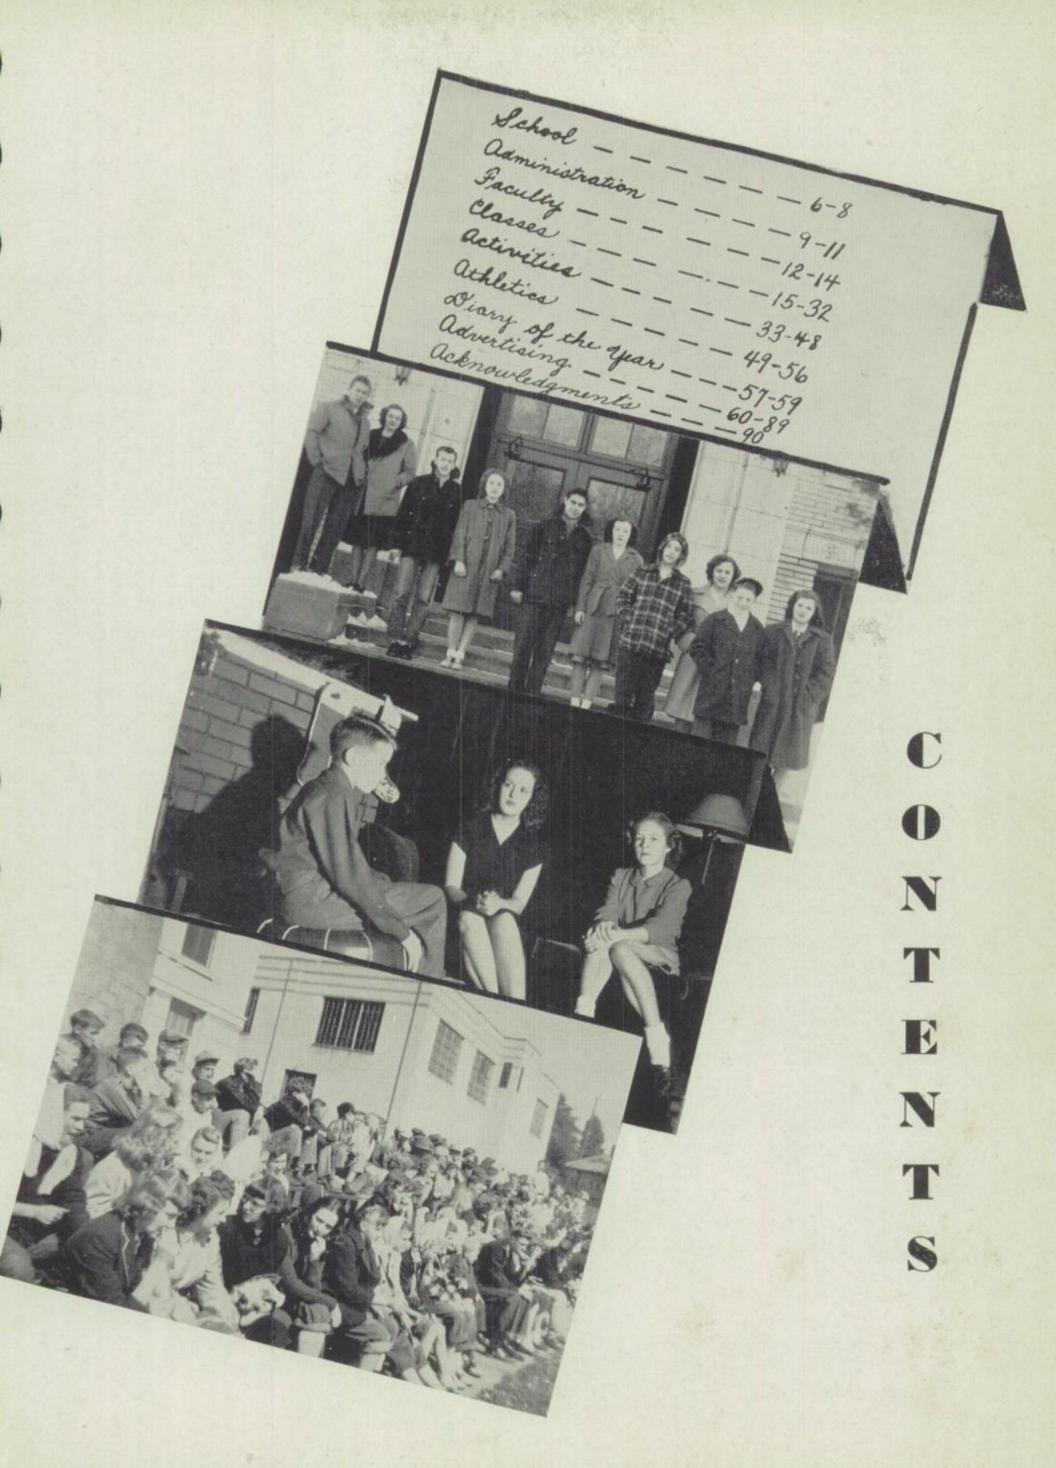

Volume Twenty-nine

Published by the students of

KANE HIGH SCHOOL

KANE, PENNSYLVANIA

Today was a typical day in Kane High. It was raining when the bell rang this morning; so every body (except those lucky bus students) came rushing in, shaking water all over and trying to decide where to put his rubbers and umbrella. Homeroom teachers stood by the doors, herding in their charges before the late bell. A few latecomers straggled along and tried to tiptoe into the room hoping not to be counted late. (They never succeed.) Then came devotions followed by announcements. We trembled and hoped that Van wouldn't want to see us.

A bell rang and almost simultaneously the upperclass doors opened and two or three boys appeared. These ferocious looking characters were the Hall Patrol. They had complete right to order

and push us around in case we were not walking in the right direction. Another bell, and students came pouring out of their rooms.

"Did you see the outfit Jean has on today?"

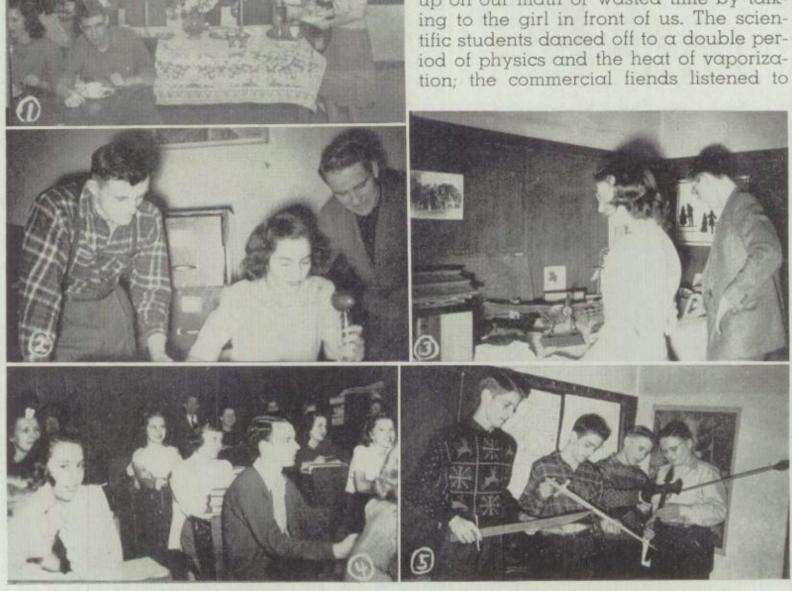

"My gosh, I forgot all about that history assignment! What'll I do?"

"Hey Bud, who won the game last night? Was it any good?"

"Look who's walking Carol to class. Wait'll Don finds out about this!"

And so to class. Some students had English, first thing. They exposed themselves to sit, sat, set and diagraming and reading "Ivanhoe" to "Macbeth". It was debatable as to whether this exposure did any good whatsoever. Some went to history to find out about the fall of Rome or the settlement of Connecticut or what man won what battle, where, that later helped him become president. It was also debatable as to whether they found out or not.

A few more bells and we were off again to another class. Or maybe it was a study hall, where we either caught up on our math or wasted time by talk-

(1) P.D. class test their tea manners. (2) Mr. Miller's class gives Friday morning broadcasts. (3) Seniors inspect English projects. (4) Students and parents enjoy a history class. (5) Freshmen examine weapons from "Ivanhoe."

Day by Day

the clack clack rhythm of a typewriter or added column after column of figures for bookkeeping. A handful of French II students painfully tried to absorb the indefinite uses of de, du, des, but gave up because it was impossible.

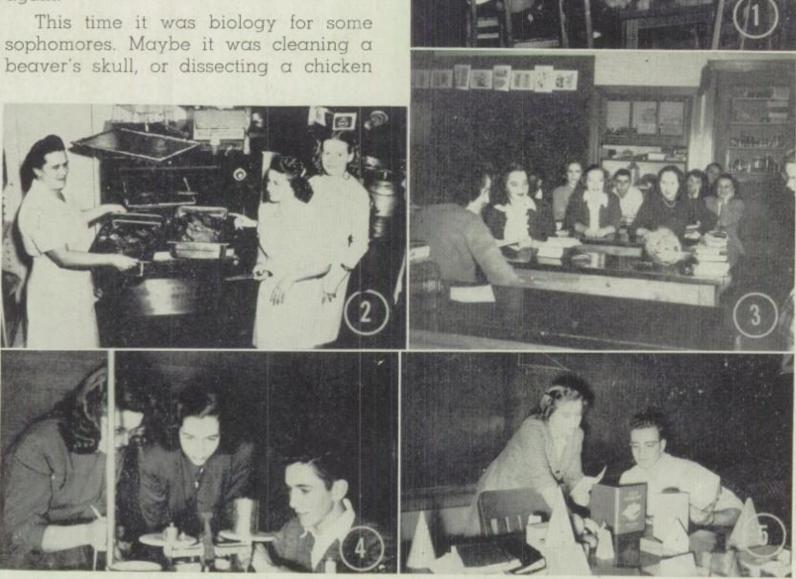

Just before lunch, when everybody's hungriest, the cooking class gave out with the most delicious odors. It might have been anything from pastry to roasts, but no matter, it still made our mouths water.

Then at last fifth period and time to eat and relax. The food was always tempting and it took a lot of will power for those few who thought they must diet. After twenty-three minutes we were back in class, stuffed and in no mood for work. But there it was, and the club over our head would fall if we didn't try! Strains of "Happy Birthday" or "How Soon" came floating into the room amid the clang and knock of silver and dishes from the cafeteria. Unfortunately, all good things must end; a bell rang, and off we went to class again.

embryo, or examining mice, snakes, fish, and what-have-you; or maybe it was just listening. Some people went to commercial science and took in the facts—or tried to.

For those who really had something to do in the way of reading, the library stood as a shining light. We just got a full period slip and enjoyed forty-minutes of peace and quiet in the "innersanctum"—until somebody dropped his change all over the floor.

This afternoon a few brains wandered into trig or solid and tried to follow the pictures, figures, and talk. After a period of sines, tetrahedrons, logarithms, parallelepipeds, etcetera, the brains came out with glazed eyes and lost souls.

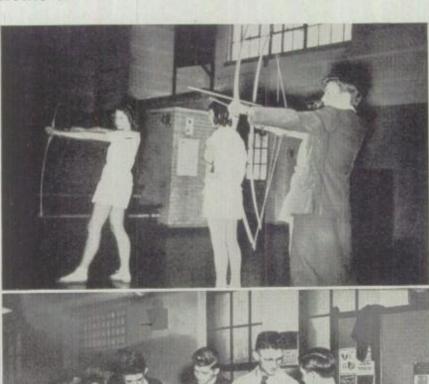

(1) The "Inner Sanctum". (2) Quit drooling—that is turkey for lunch. (3) The coon looks scared of these biology students. (4) Accuracy is what counts in physics. (5) Room 22 looks like a toy factory with figures for solid.

At Kane High

Almost everyone turned green with envy as we watched the drivers training class walk out of school into a shiny new car. They backed up, they turned, they stopped and shifted gears. They learned signs and rules until they were blue. But it was worth it, for at last they took the test—and passed!

All the boys went to shop sooner or later and had themselves a good time. They turned out all sorts of beautiful furniture, or plastic jobs for their girls; and some even made English projects there. The whine of a saw and the smell of sawdust and glue were continual reminders of this "happy home".

Come on, let's do it right
"Mort" gives out with shop advice
Home-ec girls love to cook

Nice car, nice driver, nice picture Let's see, now, where's "L"?

Next to sales or J. B. T. where kids managed to learn how to sell. Of course it included all phases of business—buying, selling, retailing and correct methods. They always seemed to acquire the ability of how not to do it too.

At last eighth period came! Naturally it was the favorite 'cause it was the last. We tried to concentrate on geometric propositions or the pros and cons of universal military training or sat and dreamed out a study hall window. Three o'clock came with dismissal and there was bedlam at each individual locker.

"Where's my umbrella?"

"Are you never going to clean this locker out? I'm afraid to open the door!"

"Practice tonight, Tom, don't forget."

"Hey, you going up town or are you staying for intramurals?"

The three orange buses pulled up out front and were soon filled with noisy kids. The halls were congested with hurrying studenis; the gym crowded with sports addicts; outside there was shouting, laughter, and general noise.

By four o'clock almost everyone was gone and our big school was quiet. Here and there voices rang out; but as the last bell rang at five, only the janitor remained to hear his footsteps echo on the stairs.

Seated: Joseph M. Harre, Gordon P. Hadfield, Henry H. Hennell, John V. Longshore, Secretary Harvey G. Berkhouse. Standing: Clarence A. Leslie, Clarence E. Cornes, Charles E. Cleland.

Board of Education

Behind every well regulated organization there is always something responsible for its success. Our public schools are no exception. The faculty, principals, and superintendent all deserve unlimited credit, but we should not forget the Board of Education. All the members of the Board give generously of their time, ability, and energy in formulating and regulating the policies of Kane High.

There are probably some who do not know the members of our Board. Don't you think it's about time to get acquainted? Here they are: Mr. John V. Longshore, who is employed in the office of Holgate Brothers Factory; Mr. Clarence E. Cornes, manager of the A. and P. Store; Mr. Joseph Harre, news editor of the Kane Republican; Dr. Charles E. Cleland, a prominent local physician; Rev. Clarence A. Leslie, pastor of the Lutheran Church; Mr. Gordon P. Hadfield, owner of Hadfield's Monument Works; Mr. Henry Hennell, co-owner of the Hub Shoe Store.

We wish to pay special tribute to two men who gave many years of service to our schools. Mr. Frederick Kime served on the Board for forty-five years, and Dr. Karl E. Wenk gave twenty-five years of service.

We, the students of Kane High, want the Board to know that we do appreciate their untiring efforts in our behalf. May we all work together for our common good.

MISS THELMA BLOOM Secretary to the Superintendent

MRS. MARGARET LONGSHORE School Nurse

DR. MILO W. COX School Doctor

GLENNIS H. RICKERT Superintendent

So the HURRI-KANE of 1948 admits that it is a diary! Webster defines a diary as "a record of daily events." The HURRI-KANE should be a fascinating journal of your activities during your senior year.

Have you ever kept a diary? It can be very interesting. I have seen many diaries kept by both individuals and families, diaries that became richer and more important to them with each passing year. How often these were opened so that comparisons might be made between the events of today and those of some day long since past.

Details cannot always be recalled as exactly as one might wish. But if an event is recorded, it can be easily verified forever.

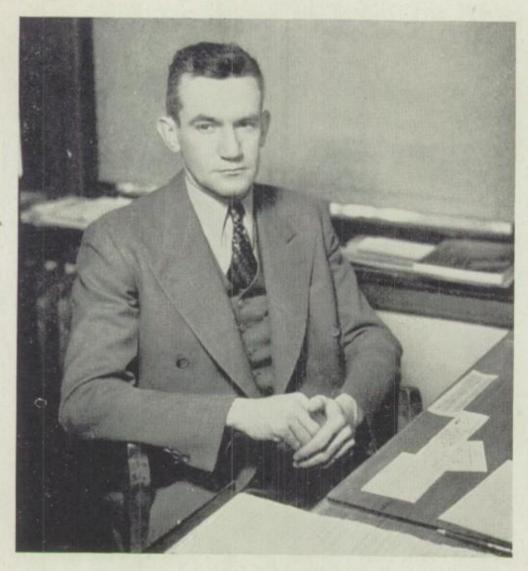

Just now as this is written we are excited about the Western Pennsylvania Basketball

Championship game. To reach this game our team won two very exciting games: one against East Brady at Brookville; the second against Mercer at Oil City. If you have written in your diary the thrill of our third quarter drive at Brookville or the exhaustive excitement of the last three minutes of the game at Oil City, you will always be able to refer to them and refresh your memory. Each reading will renew all the throbs, interest, concern, tension, relief and exaltation.

In a broad sense each of us is a living diary, for each of us is the sum-total of all the day-to-day experiences we have had. Little or big, monotonous or exciting, good or bad, in school or out, at home or play, each happening has its little space and there writes a record for the future.

Sincerely,

GLENNIS H. RICKERT

PAUL R. MILLER Principal

From: Paul R. Miller To: HURRI-KANE AUGUST 18, 1947

Wish I knew who the new teachers are going to be. Called Gregg Turner and told him that he would have a Driver Training Car sometime in the fall. He is to spend about half-time with this program.

SEPTEMBER 3, 1947

This is what we've been waiting for since the middle of June. It's nice to have a vacation, but it's nice to get back to work. Klein and Wm. Miller added to the staff.

SEPTEMBER 9, 1947

Started teachers on evaluation program.

Lots of work for teachers' meetings.

OCTOBER 7, 1947

Hi-Life wins All American after years of holding out with a twice a week mimeo job. Maybe it pays to stick to an idea if you think you're right.

FEBRUARY 9-12, 1948

Dr. Williams and evaluating committee

here. Our students are wonderful! School rates high in many aspects. Some fine suggestions made by the committee.

FEBRUARY 24, 1948

Ridgway loses and we win. Nice comeback after losing two league games. Ah, mel Play-offs. Thank goodness we have never over-emphasized athletics. It's nice to know you can have a sane program and still win.

APRIL 29, 1948

Off to Washington, several have never ridden the train before. New sights, new services, new vistas, but the same old noise at night!

JUNE 2, 1948

A fine bunch of seniors. As always we wonder what we will do without them, and then when we get to know the full capabilities of the new class we wonder why we wondered.

JUNE 3, 1948

Moving up exercises. Class of 1948 were together for the last time. 'Bye now!

Chemistry Phy-Chy Hall Patrol Dean of Boys

Behind every great man is a great teacher, and Kane High allows no exception to that rule. The faculty is behind every student in the building, urging him or her on to—maybe greatness, who knows?

The teachers at Kane High School are a well-picked group, each completely capable of handling the tasks given him. Two new members joined the ranks in September, Mr. Victor Klein and Mr. William Miller. Mr. Charles Stewart returned to his former position after two years' experience elsewhere. He realized how nice it was to be a member of Kane High's faculty.

There seems to be something distinctive about every teacher and his method that makes him especially well liked. Maybe it is Mr. Edwards' habit of tipping on his chair, or Mrs. Paxton's book of wise and witty sayings, or Mr. Montgomery's debates on Communism and the Taft-Hartley Bill.

Miss Rosana Eckman spent several weekends and part of vacation making flying trips to Harrisburg where she is a member of a committee which is preparing a manual for citizenship education in the high schools of Pennsylvania.

During the course of the year, two of the teachers got rings on their fingers. Miss Reiter became Mrs. Johnston in March; Miss Swanson, Mrs. Aggas in April.

Add this together and you will see that no school could boast a better faculy than the one to which Kane High owes its success.

Wednesday. October 1 Things were so different today! The semon les shows be a some some server today! make shocked preryone by action of the shocked put in with and the shocked out in with and all decled out in suits and ties. for where pectures, occasion that friman, to a might rare occasion that for where pictures, sociation often, but when we'd

Remember when we were just beginning our long trek through high school? We were young and gullible and very unworldly. We were timid, noisy, shy, boastful, and awkward all at once. We couldn't dance because our feet were hooked on wrong. We trembled when an upperclassman spoke to us, and we were afraid to ask questions for fear of seeming too stupid. But we had fun; we made a lot of new friends, acquired new ideas, and determined to be more sophisticated each day.

After almost three years of grinding away, we began to wonder about that sophistication. Of course, we weren't seniors yet; maybe that was the reason. But we'd given parties and gone to parties. We'd taken tests "just for fun" and almost blown up the chem lab testing for unknowns. We'd struggled and gasped through two years of Latin or Spanish and had enough English stuffed into us to last a lifetime

We'd even given the spiffiest prom in years. (Remember all that purple crepe paper we cut? and all the green balloons we blew up? and all the ladders we pushed and climbed?) We put on a play and boasted members on varsity teams. Still, there wasn't quite the air about us as there was about the seniors. Oh well, we were saving it for next year.

What's a little cold weather among friends?

Then at last we were the uppermost upperclassmen! We planned big things and carried them through, too. By backing another play, conducting a highly successful magazine drive, and through a raffle and bake sale sponsored by our mothers, we earned the distinction of totaling the highest class treasury on record.

The senior boys were the main cogs of our football team and our champion basket-ball team. From our class came literary editors, the school president, the A. A. officers, and athletic managers.

As a special favor the seniors must take the dreaded midterms but we didn't mind—much. We seemed to have an infinite number of P. D. teachers on hand, but the days for that required term paper weren't so infinite! This year we took even more tests "just for fun" and dragged home assignments by the tons.

The last few months, however, were ours: Announcements, our last prom, the memorable Washington trip (remember those paper sacks filled with water?), commencement, moving-up exercises, parties galore, and finally topped off with the alumni dance.

The sophistication? We were so busy we'd never even noticed except once. That was the day that cute little freshman looked at us in awe and said, "Boy, just wait till I'm a senior!" Remember?

Juniors

Shall we ever be able to do it right?

History

The old halls of learning greeted us, the class of '49, as we assembled once more for a year of fun and study. Of course we elected "the cream of the crop" as class officers.

The first spring breezes brought tryouts for the class play, "Dear Ruth", our big objective for the year.

Another spring feature brightened an already dazzling year; the Junior-Senior Prom, with its garden of gowns and flowers, was something to remember. Irene Carlson and Lorna Larrow served as co-chairmen for the gala event.

Our athletic-minded youth participated in all the sports with Jim Bovard making the All State Class B Basketball Team.

Bravo, 49ers, you're winners through and through!

Oh, for a field day in the wood!

History

Three down and only two to go. Just two more years of Kane High for the class of '50. Each year seems to be better than the one before. Take this year for example.

We began by electing officers, joining clubs, attending parties and just being proud of the fact that we were upper classmen.

Sports seemed to be our main dish. Many fellows were ready the minute football called, and five of them received the coveted varsity "K". A few made better than average showing in basketball while others upheld the track record. The whole class enthusiastically supported the entire sports program and copped some top honors for intramurals.

The mighty wrestling champs

History

Who said, "You can't take it with you"? The class of '51, although smaller than average, will take more than its share of happy memories into the sophomore year. The freshmen participated in every activity open to them. Where would football, basketball, and track have been without them? And what about their musical talents?

Almost every Tuesday morning the frosh rooms rang with laughter, for many interesting and original programs were put on for the homeroom meetings.

In civics they organized a regular borough government such as Kane's, paid taxes, and used the money for a gala party to top off the year.

September 1947 found sixty-one eager eighth graders assembling at Kane High, enthusiastic in the excitement of getting acquainted with their new environment.

Immediately the newcomers began asking, "Where is room 14?" "When do we eat?" or "What do we do next?"

They soon learned their way around and became active members of Small Arms, Junior Dramatics, Dancing Class, and Intramurals. They became loyal supporters of the Four-Fold and offered their contribution to Student Council.

IN MEMORIAM

DAVID DARDEN

A lily of a day
Is fairer far in May,
Although it fall and die that night—
It was the plant and flower of Light.
In small proportions we just beauties see;
And in short measures life may perfect be.
—Ben Jonson

Saturday, January 17 ooh! my feet hurt, but what a dance the Snow Ball was ! A spiffy band im ported from France, huge snowmen on the wall, and my and my walls when we wall new formal. It was a huge success lormano. Dear Diary. I hope there'll be a repeat performance. Student Pote in 1900 at mit man frame of the state of the pretty late so I'll not put my hair up. I'm so tim

Student Council

TONY WALLACE - - - President
LARRY OYLER - - Vice President
JANET ZOOK - - - Secretary
LORNA HAZLETT - - Treasurer
MISS BELLE BOLLINGER - - Adviser

Soft lights, mellow music, the whirl and whish of taffeta, flashy ties, chubby snowmen—all this brings back thoughts of the Snow Ball. This was our first Student Council formal, and following the grand march Don Olson and Claire Schofield were crowned king and queen. From decorating to dancing, this ball proved to be a memorable occasion.

Remember the time we all went to Bradford for the annual convention? Since it was so near, the entire Council attended. Even Miss Bollinger's car made it. The corny jokes the speakers told brought laughs from everybody. Getting acquainted proved interesting, especially at the banquet. Was it the girls or the food the boys enjoyed so much? Discussions of every phase of Student Council work inspired all; for when they came back, they set to work to carry out many of their newly acquired ideas.

Student Council aided the community by many of their spirited drives. Among these were the Junior Red Cross, the American Red Cross, and the March of Dimes. They took it upon themselves to sell tickets for the Benefit Basketball game for infantile paralysis. One drive followed another, but Student Council was always there to do its part. Dig, dig, dig—that seemed to be all they asked, but it was definitely for good causes.

Clean off your plate! Pick up your straw! The Council assumed responsibility of student management in the cafeteria. Receiving helpful hints for improvements from homerooms, a committee set to work to change things around a bit. By second semester everything was under control and running smoothly.

How? When? Where? Why? These questions were asked so often that Student Council decided to draw up a set of school rules to be issued next year. Someday, after they've tried them out, the Council hopes to work out a handbook for the student body. Wonder where we'll find excuses for errors then.

Sponsoring hall patrol, acting as aides during visitation week, serving tea for the evaluators, leading home rooms—in all of these the council members were found to be plugging away to a grand finish. Their jobs were well done and they left a year chuckfull of good deeds and fond memories.

Assembly

No one heard much about the assembly committee; but without it those Thursday first periods would have been vacant. This committee, made up of Student Council members and a representative from each grade, with the help of Miss Bollinger fixed the assembly schedule and did its best to see to it that there was an assembly every week. They spent a great deal of time reading plays to decide just which one would be best for instructive entertainment and planned a list of clubs to take charge on different days. This started the ball rolling and then the clubs, classes, or teachers took it on from there.

The assemblies this year consisted of a variety of types—everything from musicals to tumbling. Everyone enjoyed the professional four-fold assemblies, but didn't you really like to see some of the kids you knew put over a program? Take for example, the quiz programs, the "Mary Todd" radio show, or the seniors' mock wedding. Weren't you rather proud of the Armistice Day program put on by Mr. Miller's P.D. class, the National Honor induction, the presentation of K's, and the Student Council election assembly?

Yes, assemblies add a lot to school life, and it's up to us to add a lot to assemblies.

(1) Rose petals giggle as wind chases sun. (2) Seventh graders give the latest male coiffures. (3) "Howie" beats it outl (4) Mary Todd impresses audience. (5) Pennsylvania quiz brains reap harvest. (6) "—and the bride, Steve, was attired in gown of white sheeting." (7) Three cheers for the assembly committeel

ANNABELLE CLYDE - Associate Editor
DELORES WEAVER - Associate Editor
MISS FLORENCE ALLIO - Adviser

The staff behind the creation of this book was a large, busy one. Each member had his own work to do whether it was planning the pages, soliciting ads, bookkeeping, typing, or naming pictures. The editorial staff wrote and rewrote as staffs have been doing for many years and became almost nervous wrecks while completing division pages. Every one held his breath until the last drop of India ink found its place. It takes perseverance to produce a year book and the entire group really put its all into the work.

The business staff deserved credit for meeting the rising costs of production without increasing the price of the book. This was not an easy task.

Working on the yearbook was helpful in encouraging dependability, in developing skill in writing, and in gaining practical experience in meeting business men and women.

Since HURRI-KANE did not have a definite meeting time, each section, such as advertising, write-ups, or what have you, met separately and carried on its work. Whenever a full staff meeting was necessary, the group met after school. These meetings kept the staff informed on just what the various members were doing.

During the Thanksgiving vacation Julie journeyed to Cleveland, Ohio, to the National Scholastic Press Association Convention where she attended lectures, discussions, more lectures, a banquet and dance plus Tommy Dorsey.

The staff, with the aid of photographers, Mr. Robert Carson and Blanchard Brock, has tried to present in picture and story this year's accomplishments of students and faculty in an informal and a more personal manner. Here's hoping you'll like it!

Julie and Virginia slave in their favorite hangout

Front Row: Swedenhje'm, Sarson, Janet Zook, J. Thoms, P. MacEwen, Scutella, Olson, Rietter. Hi-Life

PAT MacEWEN - - - Co-Editor
JANE THOMS - - - Co-Editor
MISS ROSANA ECKMAN - - Adviser

Happy birthday, dear Hi-Life, happy birthday to you! Yes, Hi-Life celebrated its 25th birthday anniversary this year with cake, candles, and everything. For a quarter of a century this school newspaper has been informing Kane High School of all the activities within its halls.

This mimeographed paper is an important part of high school, both to its readers and to its staff. To the reader it gives an entertaining, informative account of life at Kane High. To the staff members it is an

Another edition of Hi-Life gets under way

interesting way to get good experience in journalism, typing, and mimeographing, to say nothing of being in on all the school news early.

The staff, consisting of forty members, let very little news of importance pass by them. Efficiency is their by-word.

Besides its semi-weekly publication Hi-Life has other interests; it collected, packed, and sent four huge bags of clothing to Holland.

Hi-Life has been a great help in Kane High's sports life. Besides the regular writeups of all games, the staff printed programs for both football and basketball and listed the starting line-ups and officials.

Pat and Jane attended the National Scholastic Press Association Conference at Cleveland, Ohio. Besides meeting school paper representatives from all over the nation, they attended lecture and discussion groups to help improve their paper.

Their anniversary issue, published just before the Easter vacation, was prepared entirely by Pat and Jane and Tom Sarson because the others on the staff had their hands full with the regular editions. Printed on slick paper and carrying several pictures, the issue contained interesting summaries of school events and sports during the last quarter century.

Phy-Chy

James McDade - - President
Joe Carlson - - Vice President
Carroll Christie - Secretary-Treasurer
Mr. D. G. Van Ormer - - Adviser

"It's mighty like a rose," you'll say when you look at the tiny, carved plastic flower made in Phy-Chy.

This year the club spent its entire time on the relatively new and intriguing field of plastics. The first few meetings were devoted to learning the background and fundamentals of plastic work. Then two of the fellows and Mr. Van Ormer made a trip to Marble Newton High School near Philadelphia for needed supplies and information.

The chemistry lab was, in part, converted into a workshop by the addition of saws, drills, buffers, sanders and fluorescent lights. The internal carving apparatus made from an ancient pedal dental drill dug from the stockroom created quite a sensation. This drill had been used some twenty years ago by the dental hygienist and now was utilized in making lovely carved flower brooches with the flowers inside pieces of clear plastic.

Free periods and time after school were spent making anything from the internal carvings to salt and pepper shakers, miniature pianos, and all kinds of jewelry. This study of plastic was considered one of the most interesting projects that Phy-Chy has undertaken. It not only offered a knowledge of one of the world's foremost scientific fields today, but introduced a new and exciting hobby that could easily prove profitable as a career.

Future breadwinners explore the fascinating field of plastics

Seated: Henretta, Snyder, Steele, Langdon, Brock, Parker, Archer, Zerbe, Peabody, Swanson, Swedenjelm, Weaver, Long, Lundberg, Fragale, Hadley, Grolemund, Lorenzo, Smith, Tigani, Olds, Zaffino. Camera Club

Carmen Fragale - - President
Elizabeth Lorenzo - - Secretary
James Olds - - - Treasurer
Mr. Robert Carson - - Adviser

"Watch the birdie!" "Hold it!" Many a student took orders like these from Mr. Carson, Blanchard Brock, and other Camera Club enthusiasts.

Since Camera Club was so large and had many novices, the members decided to meet

Getting all set for a portrait

in two divisions, the regular and the advanced, in order to provide for the various interests and needs. The groups were very fortunate in being able to receive slides and lectures from Eastman Kodak. During each meeting the members discussed a wide variety of subjects that proved most interesting and educational.

Among the most enjoyable projects of the year was a field trip through Evergreen Park. It was on this trip that one of our members took our group picture.

The Club studied a wide variety of subjects which ranged from the composition and arrangement of pictures to the developing and enlarging point of view. Using models to illustrate correct lighting, shadows, and composition, some of the group went in for informal portraiture.

The Club, besides offering a worthy and enjoyable hobby, provided helpful information on photography which to some students may carry over into out-of-school work. Maybe from among the members of Camera Club will come famous photographers whose pictures make magazine covers beautiful. Maybe some will take photos for yearbooks such as this. Golden opportunity awaits!

Front Row: Frontera, S. Frederick, Dyne, P. Swedenjelm, Luck, P. Gibson, Fridley, K. Gibson, Clifford, Kanovsky, Fogel, Cooper, Gerhart, Donahey, Knapp. Row II: Weaver, O'Connor, Witherow, Smith, E. Junior Dramatics

The bell rings—moans and groans from the audience—on stage a robber is interrupted while stealing jewels from a wealthy lady. In almost unbearable suspense, the members of Junior Dramatics leave the room to go to their classes.

Because of the large number of eager eighth and ninth graders who turned out for Junior Dramatics, Miss Sylvia Johnson divided the club into two groups. Each group met on alternate Wednesdays, and then every third week they held a joint meeting with the president, Judy Zook, in charge.

The programs consisted in general of charades, pantomines, quizzes and one act plays. Later Thespian Club members illustrated the principles of the art of make-up. Setting as their goal a play for assembly, these young Barrymores set to work to show their classmates just what can be accomplished when enough effort goes into it.

Stage Crew

The ring of hammers and the swish of paint brushes proclaimed to Kane High that the stage crew was hard at work making a setting for one of the high school plays. Under the direction of Mr. Gust Mortenson, this group of boys did a bang-up job creating realistic settings for the school productions.

Besecker, Alexander, Cartwright, Mr. Mortenson, Milford, Dyne.

Seated: Tigani, Walker, Ryan, Frontera, McMahon, A. BeauSeigneur, Fields. Row II: Scutella, Zerbe, Wa'ter, Mathys, Keneske, Palumbo, Hetrick, McClelland, Long. Row III: A. Swanson Anderson, Nicolazzo, O'Donnell, Grolemund, Gardner, Dyne, S. Swanson, D. BeauSeigneur. Row IV: Siar, Kelly, Swedenjelm, Larson, McGuire, Benson, Migliazzo.

Thespian

Plays, make-up, footlights, even "blowing" a line here and there were all a part of Thespian Club routine and each member loved it.

The club boasted a membership of about thirty students. Dorothy Frontera served as president but when she started working in the office, Ardell McMahon took over her duties.

Using models from the club, Mr. Robert Smith, the adviser, explained the technique of acting and showed how body movement and the use of the hands gave expression. Next came make-up, and many were the times they rubbed and scrubbed to get the grease paint off before time for classes. The club put this knowledge into practice by taking charge of make-up for both class plays.

Early in April the Thespians held a purely social meeting in the form of a leap year party. Everyone brought a guest and spent a most enjoyable evening in dancing.

All members of the club felt that they had spent a profitable as well as an enjoyable year.

Usherettes

These girls under the supervision of Mrs. Betty Johnston and Genie Carlson ushered at all the public programs in the auditorium and helped to seat the season ticket holders at basketball games.

Front Row: Haight, M. Skerl, Fleeger, S. Skerl, Anderson, Cook, Varisano, Holt. Row II: Avenali, Walter, Hazlett, Scutella, Keneske, Erickson, Carlson, Colella. Row III: Lundberg, McKenna, BeauSeigneur, O'Donnell, Moran, Hurley, Swanson, Cartwright, Zerbe.

Small Arms School

The Small Arms School is to the Rifle Club as the J. V. Squad is to the Varsity for here the boys begin their preparation for membership in the Rifle Club.

Using wooden rifles, the boys began that long and tedious process of getting into the correct positions for shooting. First they learned how to adjust the straps in a way that would help their sighting and aiming; then they mastered the position for firing prone.

Since safety in the handling and care of firearms is of utmost importance, the members learned getting into positions and sighting the dummy gun long before they shot their first round on the rifle range.

When the time came to try their luck at shooting, many boys did well, others not so well; but they had learned safety rules in handling firearms.

The advisers, Mr. Gregg Turner and Mr. William Miller, have been very patient in helping the boys become good riflemen.

Hall Patrol

At the ringing of the three minute bell twenty four boys quickly but reluctantly left their classes to take positions in the hall.

These were the hall patrol fellows who reminded us that we must use the west steps to go up and the east steps to come down. The patrol directed traffic well and received such cooperation from the student body that again it seemed unnecessary to have a court.

Hall patrol did not function as a club, but from time to time they met under the supervision of Mr. D. G. VanOrmer and captain Frank Colella to iron out any difficulties that might arise.

After the spring vacation the eighteen seniors on patrol were relieved by underclassmen. New fellows wore the red and blue arm bands, but the same orderly procedure in our halls prevailed.

Rifle Club

Remember how close some of those shots came to hitting dead center? So near and yet so far, but the next time was better! Rifle Club was rather nerve-wracking in a pleasant sort of way; Mr. Turner certainly "knew his stuff"!

The construction of a new range was started for the shooting which took place every Monday evening and Friday morning. Here the members acquired habits of safety in the use of firearms and became proficient in the use of weapons.

Two teams placed in the N. R. A. postal matches and three in the Hearst postal

matches. They also entered in the P.I.A.A. regional eliminations. Brookville placed first in these contests with 954, and Kane made second with 953.

For the first time a Cub Team consisting of members under fifteen years of age was organized.

The Cubs and the Senior Team held weekly handicap matches with the Cub Team gradually reducing its handicap from thirty to fifteen points. By the end of January, the Cubs, who had entered in the N. R. A. postal matches, ranked 19th out of 89—a good record for so new a team.

Standing:

Larson, Anderson, Keneske, King, J. Carlson, Gatewood, Pelican, Swedenhjelm, Kennedy.

Dear Ruth

It pays to be adaptable, or so says the "Dear Ruth" cast after a session of upsets during practice season.

The play started normally with Mr. Smith in charge and Pat Pelican as student director. The story concerned a teen-age girl who wrote letters to service men using her older sister's name. When one of the fellows got a furlough—the fun began!

Practices moved to the gym when the P.T.A. musical "King for a Day" needed the stage. Good sports all, the cast learned that "All the world's a stage" applied to the gym too.

Finally came performance nights with the excitement and suspense. Would the make-up be effective? Would someone forget his lines? Both performances went smoothly, and the applause was reward enough for everyone.

January Thaw

Fifteen amateur Romeos found fun coming to school extra times to practice for the senior play. It was more than just practice; it was promise of a gay time.

"Didn't get into Canada" proved the favorite passage of the cast. That scene, which included Uncle Walter, Jonathan, Mithilda, and their son Matt, created quite a sensation with the seniors. In fact, it was an effort to keep from laughing even on performance nights.

This play was different from most of our plays. For the first time Mr. Robert Smith tried a dual role for one of the minor characters with successful results.

To those who saw the play and especially to those who took part in it, "January Thaw" will live on for a long time.

National Honor Society

"I pledge myself to uphold the high purposes of the society to which I have been elected, striving in every way, by word and deed to make its ideals the ideals of my school and my life."

With that pledge, ten seniors and six juniors became members of the National Honor Society on March 11. They were elected to this organization on the basis of scholarship, leadership, character, and service.

These new members were welcomed at a tea shortly after their induction. Their parents came, met each other and the teachers, and in general became acquainted with the society. After recovering from induction and initiation, the members under the direction of Miss Belle Bollinger showed that the honor conferred upon them was well earned.

Girls' Athletic Club

Much curiosity was aroused this fall when extracurricular activities announced a newcomer, the G.A.C. Everyone soon became aware that it was the Girls' Athletic Club. It was well deserving of all the interest it aroused tool At last they had found some satisfaction for all the peppy, athletic girls we have in Kane High.

Newly organized, this club sponsored by Miss Betty Postlethwaite, attracted a large number of sports-minded girls. Besides playing touch football they discussed the rules and actual play of basketball, volleyball, tennis, and archery. During club periods they learned to referee games and later put this knowledge to use at Girls' Intramurals.

In addition to sports G.A.C. enjoyed several parties, went on hikes, held a delightful wiener roast, and gave an assembly program.

Vocal Music

The vocal department was definitely one phase of school life of which everyone was aware. Either you were a member of one of the many organizations or you met them "through your ears." Almost every day of the week, a group was giving out with the "finer art" somewhere in the school, Room 13, the auditorium, or the cafeteria. These groups, under the direction of Miss Jane Murdock, had a whirl of fun and made wonderful progress.

The Mixed Chorus, boasting fifty members, met on the stage, in the balcony, or in a classroom. This group was the backbone of the Spring Musicale presented early in March. They rendered such songs as "The Battle Hymn of the Republic" and "Tea for Two" to an extremely appreciative audience. The proceeds from this musicale were used to purchase robes for the chorus.

The "stout-hearted men" of the Boys' Chorus soon became synonymous with their favorite song. Although they seldom sang publicly as a group, the Chorus made up the male section of the Mixed Chorus, and all of them experienced a wealth of enjoyment from their singing.

The Girls' Chorus was a well-trained group and boasted some excellent voices. Their specialties were "Romance" and "Pale Moon." Though they practiced but once a week, the girls had their triumph in the successful Spring Musicale.

Probably the most popular of all was the Boys' Quartet. This group was newly organized this year and quickly gained recognition from everyone. Their most popular number was "Dry Bones," and though they sang it many times, it was always refreshing. Under the classy name of "The Commodore Four," these boys have made many appearances in town.

The Girls' Trio was a corresponding group of girls. Because they, as well as the Boys' Quartet, couldn't practice in school time, they often gathered at 32 Hemlock for a session on a week night. They discovered this was even more fun, though the neighbors were of a different mind. The girls' "special" was "Stardust," an all-time favorite with everyone.

The Madrigal Singers were excellent successors to their ancient ancestors of the fifteenth and sixteenth centuries. Equally old is "The Waites," their theme song. They generally sang while sitting around a table, and the cafeteria often afforded appropriate surroundings. Once, they even resorted to none other than the library! (You get the connection, of course). This organization, with their well-blended voices, was often asked to make appearances at civic meetings in Kane.

During April Pat MacEwen and Dick Johnson represented the vocal section of Kane High in the District Forensic League held at Clarion.

Without certain talented people all this would have been simply nothing. Pianists Judy Zook, Pat MacEwen, and Art Bonfilio should take a bow for their patient and cooperative assistance.

MIXED CHORUS

* Attended District Orchestra at Lock Haven.

Band

Settling himself on his stool for the "n'th" time, Mr. Charles Stewart begins another rehearsal.

It's been a hard year, but as a reward the Band has behind it a long list of accomplishments. High on the list is the Annual Spring Concert which was shared by the Orchestra. Every home football game found the Band in the bleachers, giving out with music between halves. It also played for the Hallowe'en Parade, and don't forget the Armistice Day opening of Truskan Steel.

Orchestra

What do you know?? Benjamin Franklin discovered electricity in Leap Year 1752 and Mr. Stewart discovered a high voltage Orchestra in Leap Year 1948. With many kilowatt hours of hard work the Orchestra soon became a welcome addition to school assemblies, and the audience at the Annual Spring Concert received the program with much enthusiasm.

Six of our members attended District Orchestra at Lock Haven and did credit to Kane High. Later Virginia represented Kane in All-State Orchestra at Allentown.

Friday December 12 Q'm so tired I sould drop dead twice! my throat is work from yelling, but it was worth it. has been agreed of the season of the The of the biggest asketball games of the year last lite it sammer to done for Dear Diary. year but it doesn't matter now. to compour, our au pant from beginning was a close game jumping end everyone jumping and screaming and screa Every minute. no wonder I'm a wreck now

Basketball

The 1947-1948 edition of the Kane High Wolves climaxed the fourth straight successful season under the mentorship of Coach Stuart Edwards by winning the Class B championship of Northwestern Pennsylvania. The Wolves compiled a record of nineteen wins in twenty-four starts while winning the Mountain League championship for the fourth time in a row and the District IX, Class B title.

Prospects were not very bright at the start of the season with only one regular returning, but the Edwardsmen opend the season by beating Mt. Jewett twice and defeating Warren, the eventual winner of District X, Class A. A fighting aggregation from Brookville handed the Wolves their first defeat of the season. The Wolves returned to the win column with a victory over the Punx-sutawney Chucks, but the Warren Dragons avenged the earlier defeat by edging the Kane club at Warren.

In the first two league games the defending champs were defeated by the Ridgway Elkers and the Sheffield Wolverines. But the determined Wolves bounced back to win their next ten league games in a row, including a one point victory at Ridgway when Tom Harbeck made a long set shot with three seconds to go to clinch the Mountain League crown.

The Wolves rolled over Otto Township and East Brady to annex the district championship. Chuck Daly's phenomenal shooting was the main feature of the victory over East Brady.

Demonstrating their fighting spirit, the Wolves defeated a towering quintet from Mercer with Bud Daly's sensational set shots being the main factor.

The Irwin Black Knights proved to be the obstacle in the Wolves' quest for their first state championship by eliminating the Edwardsmen on the huge Farrell court in the western finals. Irwin then defeated the top eastern team to win their second successive state crown.

At the end of the season Chuck Daly and Tom Harbeck were elected co-captains. The work of Chuck, leading scorer and center, was outstanding particularly in his sharpshooting from the corner and his fine work under the boards, while Tom's excellent defensive play and timely shooting figured prominently in the success of the team.

Jim Bovard was named one of the members of Class B all star team. This was the highest honor to be bestowed on any player this year. Chuck was the unanimous choice for center on the Mountain League all star team. Pivotman Bud Daly, set shot artist Jim Thompson, and stellar guard Tom Harbeck rounded out the first five. Frank Iskra and Blair Mosser headed the reserves with Larry Oyler, Ted Hermanson, Rod Kerchner and Fred Pearson also participating in a number of contests.

Junior Varsity

Under the able coaching of "Vic" Gentilman the 1947-48 edition of the Kane High Junior Varsity fought their way to a distinguished record among the district schools. Using their height to great advantage under the boards and playing an alert, aggressive defense, the Little Wolves presented a well-balanced aggregation.

Their best home game of the season was when they trounced the huge Bradford Club. However, they played their outstanding game of the year at St. Marys where they overcame the tough Dutchmen in a fast, well-played contest.

Football

More than fifty hopeful candidates greeted coaches Montgomery and Gentilman when they walked onto the football field for the initial practice session last summer. Then followed practically tortuous training 'neath the hot August sun.

There was a noticeable improvement in the playing of the Wolves of this year over that of last year. This was generally due to the added experience of the players and an increasing interest on the part of the boys as evidenced by the larger number of candidates for the team. Although the team won two games and tied one in a schedule of ten games, the prospects of a brighter future are good.

Offsetting the small size and the inexperience of the 1947 Wolves was their ag-

gressiveness and hard-fighting courage. At the end of the season, back Frank Colella and end Carl Gustafson were chosen honorary co-captains by the twenty lettermen of the squad, many of whom will be back next year to form a winning team.

Track

With the largest squad in years the Kane High School track team eagerly looked forward to the first meet of the season. The first setback came at the hands of eligibility when it was learned that Frank Colella, a two year letterman, was too old to compete. However, the nucleus of the team will probably be built around the three returning lettermen, high jumper Chuck Daly, quarter miler Bill Swanson, and Bud Daly, who is expected to be one of the best track stars that Kane ever produced.

The efficient work of the coaches, Victor Gentilman and Paul Montgomery, was proved in the first contest of the year when the Wolves defeated the Warren Dragons 54-50. It was the first win in track for the

Wolves since the sport was resumed after the war. DeVere McGuire, Don Olson, Larry Wilson, Bud Daly, Blair Mosser, and the relay team, composed of Tom Goodwin, Hugh Clifford, Bob Mague, and Bob Cadden, captured first places for the Wolves.

Although there are four more meets to go the team is anticipating the most successful season in track since the famous Kane teams of a decade ago ruled the district's cinderpaths.

Mid-air in the broad jump Perfect form

Boys' Intramurals

"Rah, Geeks!" "Yeah, Rockets!" In case there is any doubt in your mind, these are some of the names of Boys' Intramural teams. Boys' Intramurals were a big attraction this year especially to the girls, who undoubtedly helped build their morale. The Intramural program proved to be one of the most successful in many years, and included touch football, foul shooting, basketball, wrestling, volleyball, and field and track events. Among these, wrestling brought the largest crowd of spectators that have attended Intramurals in a long time.

The season opened in the fall with touch football. The Duchie team was the Senior League and School Champs. Team I was on top in the Junior League. Foul shooting was next on the program. The results found Hugh Clifford and Johnnie MacEwen winners of the Senior and Junior Leagues, respectively.

The winter program began with basketball. After a full schedule of close games and a lot of fun, the Rockets emerged as Senior League champs and then won the school championship by walloping the Cardinals of the Junior League.

Although wrestling was newly introduced into Intramurals this year, it took the spot light for the season. It held a great deal of interest and enthusiasm for both the players and the student and faculty spectators. The average number of spectators per meet was one hundred fifty persons.

Participation of the boys was also exceptional as over fifty of the boys responded. The eighth grade headed the list with twenty-seven out of twenty-nine boys taking part. The boys were divided into weight classes. The champions of the different classes were:

95 pound class
105 pound class
125 pound class
135 pound class
145 pound class
155 pound class
165 pound class
166 pound class
167 pound class
167 pound class
168 pound class

The pleasant sunshine and warm outdoors offered a perfect atmosphere for the track and field events of the spring intramural program. Along with track came volleyball which took place indoors. Volleyball offered something unique which attracted quite a few spectators—a faculty volleyball team, consisting of Mr. Paul Miller, Mr. Edwards, Mr. Gentilman, Mr. Montgomery, Mr. Mowery, Mr. Turner, and Mr. Smith. It proved to be a successful team as the games were almost all in their favor despite the fact that all the spectators rooted for the student team.

The Boys' Intramural program was directed by Vic Gentilman, who was assisted by Mr. Stuart Edwards and Mr. Paul Montgomery. The student managers, Bob Timblin and Frank Schrieber, did a swell job too. Here's to another year of Boys' Intramurals as successful as this one!

Don, DeVere, dislocations, and wrestling Primo shoots a foul

Girls' Intramurals

Marilyn Hultman - - Manager Miss Betty Postlethwaite - Adviser

"Dribble!" "C'mon-shoot!" What would Girls' Intramurals be without our ever loyal male spectators and all their advice! Nothing—for all teams need a cheering section and this one really lived up to the slogan, "You make the baskets; we'll make the noise."

They opened the season with soccer which was followed by volleyball. There was a short break during Christmas vacation in which they were able to get rested a bit. The Senior League held a ping pong tournament after vacation, and during this time the eighth and ninth graders practiced basketball in order to learn something about the game before it was played in intramurals.

Basketball began early in February; and, as usual, it topped the sports' hit parade with volleyball, field hockey, soccer, and ping pong tagging behind. There was a large turnout which made it necessary to divide the girls into thirteen teams, seven Senior League and six Junior League. Games were played on Mondays and Thursdays at 3:15.

Something new has been added, too! In November Julie Youngquist and Carroll Christie drew up a constitution which provided for the organization of the Girls' Athletic Association. This proved to work very well as the Association was in charge of all intramurals. Two girls from each class elected by a majority vote made up the membership of the Association. For each sport two girls worked together collecting names of girls wishing to participate, dividing these into teams, and working out a schedule. The biggest pet peeve of Miss Postlethwaite and the Association was those girls who signed up to play but never showed upshame on them!

OFFICERS

FRANK BATTAGLIA President

ANNABELLE CLYDE Secretary

MR. PAUL MOWERY Treasurer

Front Row: Battaglia, Thompson, Mr. Mowery, Clyde, Carlson, Mr. Gentilman. Row II: Hultman, Miss Postlethwaite, James, Mr. Edwards, Bovard, Mr. Montgomery, Iskra.

Athletic Council

The Athletic Council is the sports government of Kane High. It controls all interschool activities, the scheduling of games, the purchasing of equipment, the hiring of officials, the arranging of transportation, and the awarding of athletic awards.

The Council, meeting every other Friday in Room 29, discusses all the phases of the school's athletic program. The members talked of new equipment which has been purchased for the teams and uniforms for the cheer leaders. They even undertook and accomplished the difficult task of arranging for several hundred reserved seats at basketball games. It's easy to see how all of Kane High's sports life is dependent on the Athletic Council.

Cheerleaders

"We gotta' T-E-A-M—We're on the B-E-A-M", rang the shouts from the gym as the Cheerleaders led the students in their yells.

The Cheerleaders, drilled any place available by their adviser, Miss Betty Postlethwaite, kept the students up to date on the cheers by conducting pep meetings in the auditorium. Their enthusiasm did much to promote good sportsmanship and school spirit among the members of the student body.

The Junior Cheerleaders also did a good job, working out new motions and yells to spur the mighty Jay-Vees on to victory.

Kane High School can be proud of its triumphs and of those who helped to bring them about.

How do you like your beefsteak?

Rawl Rawl Rawl

How do you like your cabbage?

Slawl Slawl Slawl

How do you like your teachers?

Sweet! Sweet! Sweet!

How do you like the other team?

Beat! Beat! Beat!

Schofield, Robinson, O'Donnell, MacEwen, Hazlett, Hultman.

It Happened

SEPTEMBER

Four-Fold gets under way.

Student Council presents the Dutch I

Student Drivers use a '47 Chevy.

K.H.S. talent stars in "Heading Hollywood".

Girls' Athletic Association established.

Homerooms, classes, and clubs organize.

New bleachers arrive. Hurrah !

OCTOBER

Hi-Life rates All-American!

Student Council sponsors terrific dance.

Seniors pose for the birdie.

P.D. classes display Kane's industries.

Five seniors tackle Pepsi-Cola exam.

Student Council attends convention at Bradford.

Seniors close magazine drive with a profit of \$694.70.

Rehearsals for "January Thaw" begin.

NOVEMBER

Coach Edwards greets large basketball squad.

P.D. class presents Armistice Day assembly.

Many parents attend "open house."

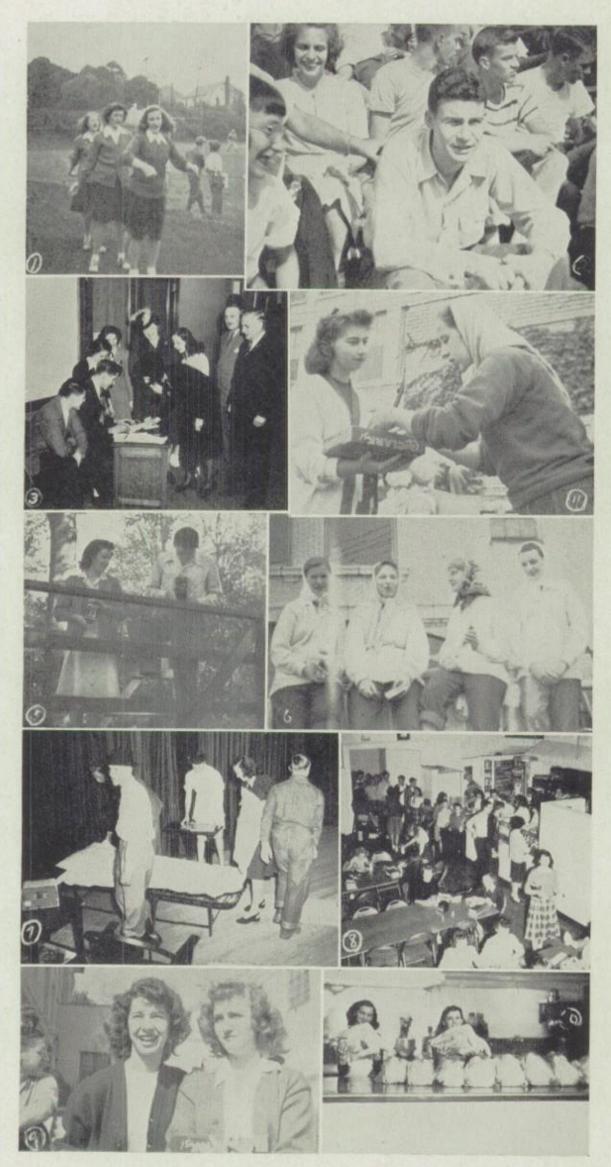

Homeroom meetings in full swing.

More fun! Another Student Council dance!

Senior play is big hit with audience.

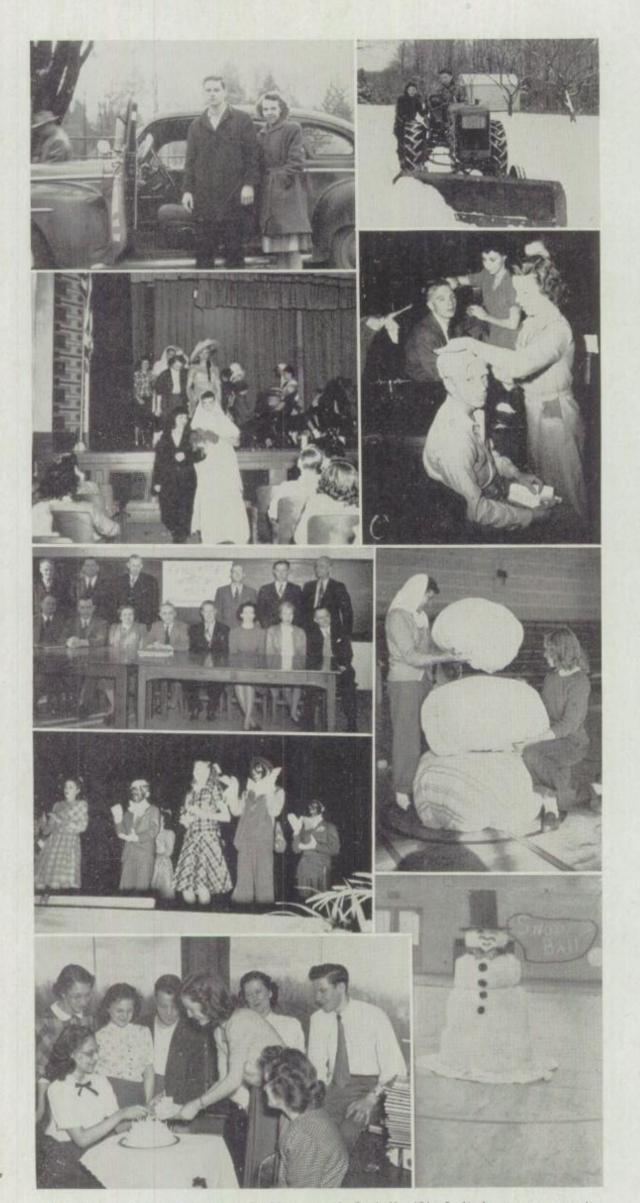

Literary editors journey to Cleveland for N.S.P.A. convention.

Time off for Thanksgiving and turkey.

(1) Fifteen for the team! (2) That man Edwards watching football. (3) Parents get a taste of school. (4) Do ya' have any change? (5) Camera fiends at work. (6) Nothin' like a hot dog. (7) Rehearsal for "January Thaw." (8) That ever-welcome period, lunch. (9) Candy for sale! (10) Getting ready for Thanksgiving.

Here and There

(1) School's best drivers, DeVere and Ardell. (2) A little snow won't bother us! (3) The bridal party recesses. (4) Backstage for make-up. (5) Our friendly evaluators. (6) 7th graders give out their specialty. (7) Ever make a snowman out of bedspreads? (8) Hi-Life celebrates 25th anniversary. (9) The finished snowman.

DECEMBER

Off to the deep woods as deer season opens.

Phy-Chy begins research in field of plastics.

Students reserve seats for basketball season.

The new look has definitely hit Kane High.

Student receives a bit of royal wedding cake.

N.H.S. sponsors lovely Christmas assembly.

Time off again for the Christmas holidays.

JANUARY

Football men receive K's in assembly.

Formal Winter Ball goes over big!

Student Council enforces cafeteria rules.

Cubs edge Seniors in rifle matches.

Basketball season starts off with a bang.

A real Scot reads Burns' poetry to English III.

Cafeteria receives new equipment.

P.D. seniors try out news broadcasts.

FEBRUARY

Chairmen appointed for the long awaited Prom.

G.A.A. sponsors dance after Wilcox game.

Evaluators are guests as school is judged.

Wrestling matches fill gym with spectators.

Six Musicians go to district meet at Lock Haven.

Five boys beam with pride over their trapped beavers.

Juniors choose "Dear Ruth" for all-school play.

P.D. class goes "social" with tea for testing manners.

Around the School

MARCH

Wolves cop Allegheny Mountain League championship for fourth consecutive year.

N.H.S. inducts sixteen members.

Hi-Life celebrates 25th anniversary.

Wolves win District 9 title in exciting game with East Brady at Brookville!

Teachers work and students play as sewage system goes on strike for two days.

Wolves win in last three minutes' drive to take Western Regional title from Mercer at Oil City.

Wolves lose heart-breaker to Irwin, state champs at Farrell in state semi-finals.

APRIL

Back to work after spring vacation.

Student Council has bang-up campaign for new president.

Track season brings out 50 hopeful candidates.

Barn Dance is huge success with wide, wide skirts and blue jeans.

Hi-Life wins All American for first semester.

Library Tag Day nets \$50.29.

Seniors widen their horizons with an exciting trip to Washington.

MAY - JUNE

Final elections for Student Council President are held.

Girls from McKean County congregate here for Play Day.

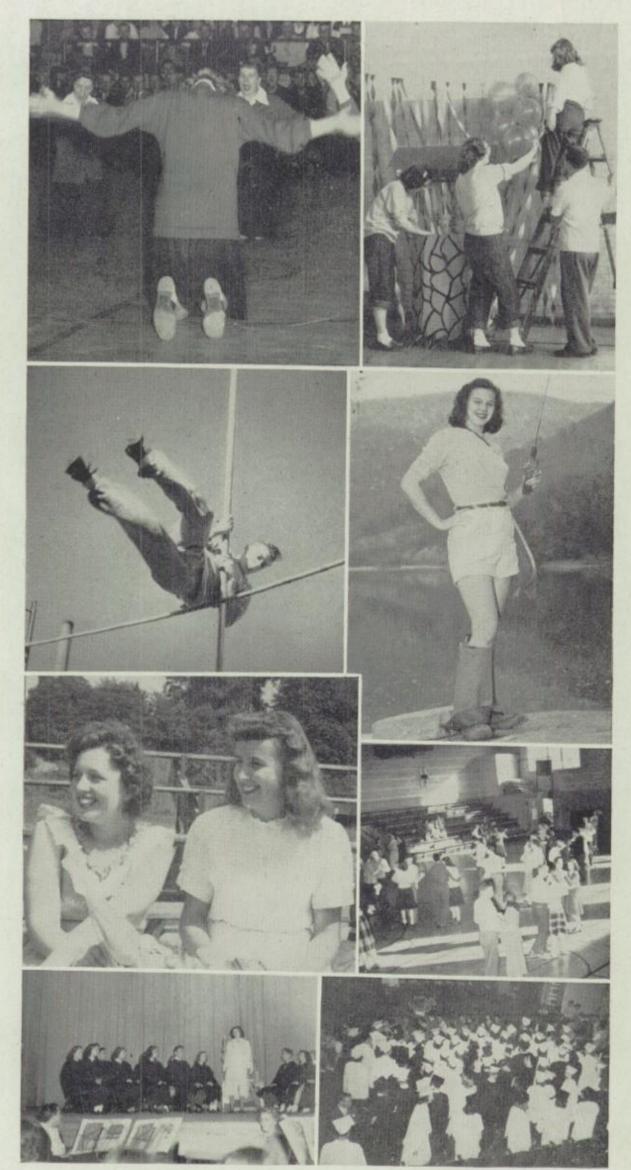

We dream and dance at the wonderful Junior Prom.

Band and Orchestra have their annual concert.

P.D. classes journey to North Warren. We had trouble getting some away.

Vespers are held in the auditorium and now for commencement!

Seniors weep and underclassmen cheer at moving up exercises.

(1) The "Hallelujah Yell" at Irwin. (2) Hanging grapes for the '47 Prom. (3) Bud goes over the bars. (4) Ruby Lou tries fishing. (5) This is the most fun. (6) Ever popular dancing period. (7) The newly elected N.H.S. in a solemn moment. (8) The last day, Hooray! Sniff!

Kane - - - Gateway to the Allegheny National Forest

Kane High Presents Gala Display of Town Industries during Pennsylvania Week (1) Hey, quit that I That stuff's on display I (2) Going to take a trip? This luggage is mighty fine. (3) Never knew there were so many parts to a shirt. (4) We have cabinets, window sashes, and blinds for you. (5) A fence to suit any taste. Looks as though Nancy can't make up her mind. (6) Ginny and Jane admire fine silk garments.

The members of the 1948 HURRI-KANE staff wish to take this opportunity to express their sincere appreciation to all those who have helped to make this publication possible.

We especially want to thank the advertisers who have so willingly and generously supported us. We hope that our readers will carefully observe the following pages.

Momentous Decision

To save or not to save—that is the question:— Whether 'tis nobler in me to suffer The lack of so many things I want, Or to take arms against seething desires And, BY SAVINGS, get them?

To buy with debt No more, and BY SAVING End the heartache and thousand natural shocks That debtors are heir to,—'tis a consummation

Devoutly to be wished.

Paraphrasing Hamlet (Thanks Mr. Shakespeare)

Thrift or Spendthrift?

Which course will you take, young folks of Kane High School?

You will have few more important decisions in your lifetime than that—thrift or spendthrift! Which road?

The Old Kane Bank congratulates the Class of 1948 on being successfully graduated from Kane High!

May you have success through the coming days and the realization of your highest dreams!
